It has been an honor and privilege to serve on the BRSP Board from May 2009- to May 2018. Truly, much has been accomplished! -- Upgrades to equipment and range facilities, Bunker trap, Archery range, new shooting programs, multifunctional website with E-Commerce options, new proprietary software for league & membership admin, "Friends of BRSP" 501 C (3) status, and on-going contributions to the BRSP construction fund for future projects. During that time we facilitated improvements in management and personnel, resulting in a proven, proactive team. Our outstanding crew-- General Manager, Rifle/Pistol range manager, Range Safety officers, Head Mechanic, Trappers & Maintenance crew, and Administrative personnel work together in support of YOU, our membership. All of which generate additional revenue from improved range facilities, programs, new membership, increased range use, and more! The above were ultimately responsible for more than doubling BRSP Membership from 1,800 to 3800 plus members from May, 2009 - March 2018!

*Simply put, my goal is to serve the ENTIRE membership & ensure BRSP remains the premier Multi-Discipline range facility in Alaska-- The BRSP board should reflect the full spectrum of shooting disciplines, and work cohesively in the best interest of the membership as a whole. The membership deserves no less! **I'm proud to have been a part of it, and humbly ask for your support!***
